## WORK EXPERIENCE

### Birch LTD, UX Design

SEP 2019 - CURRENT | Westlands, Nairobi  
Worked as the main Website Designer for the company as well as for clients. Did branding work for clients and stakeholders and took clients under training for website management.

### KENYA NATIONAL BUREAU OF STATISTICS Census Enumerator

AUG 2017 | Nairobi, Kenya

Went door to door to residential homes and keyed important and vital data for the purposes of the Kenya National Census that was being carried out worldwide. The job required good communication skills.

### IEBC, Clerk

SEP 2017 | Kilimani | Dagoretti, Nairobi

Participated in the Nation wide elections as a Counting Clerk which involved directing voters towards their respective voting and polling stations. I also worked as booth clerk which was identifying every voter that was voting at the specific voting station that I was assigned for.

### Girls Code KE, Director of Operations

AUG 2018 - DEC 2018 | Nairobi

GirlsCode is a social tech venture based in Nairobi, Kenya with the aim of bridging the gender gap in the tech industry by encouraging young girls to code as well as creating a tech pipeline for girls and women to connect and inspire each other.

• Math A- English A- Kiswahili B- Science C+  
• Social Studies C+

## ACHIEVEMENTS

### \* GLOBAL GOALS MODEL UNITED NATIONS | OCT 2019

I had the profound opportunity to join the GGMUN platform as a voluntary delegate where we debated on current world crisis with other delegates and youth leaders from across the globe and came to a consensus together. As a delegate in the platform I gained a lot of skills in Negotiation, Critical Thinking and especially Diplomacy.

### \* GIRLS CODE KE | AUG 2018

An NGO company that promotes tech development within the life of a girl. It promotes a technological culture and embraces the fact that a girl can do whatever she sets her mind on. Girls Code seeks the growth of technology especially in the sector of programming with major emphasis on web development. It holds holiday boot camps of 1 week to teach Highschool girls the basis of code. I contributed to the company as a teacher and facilitated the smooth running of the boot camp operations. I as well worked as the Director of Operations within the company, so I got to oversee the operations of the company, such as taking meetings with possible sponsors such as Africa's Talking LTD on future strategies concerning building the company and collaborating together.

### \* CITAM VALLEY ROAD CHURCH | 2015

Provided support for the Community Church through being a Worship Leader for both the Teens and the Youth. Also participated in DVBS where we guide children through Bible Study and I volunteered in the Music sector.  
Assisted at events and gatherings that affect the teenagers in particular. Personally attended various events, such as mission trips to Marsabit, Northern Kenya to spread the gospel.
